

Diversity and Inclusion

In keeping with our values, we believe diversity brings about multiple benefits for all the stakeholder groups we work with. We want our workforce to be connected and reflective of the many different areas in which we work. Keeping an open and receptive mind; bringing forward different ideas into a forward thinking culture is what helps us innovate, mitigate our risks and support sustainable growth.

Inclusivity means living our values for all: safety, fiscal responsibility, integrity, accountability and team work.

Diversity and inclusion are integral to our culture at Lamprell. We promote meritocracy, openness, fairness and transparency. This supports the very fabric of our business.

Our commitment

We are resolute in the prevention of unlawful and unfair discrimination and value the differences that a diverse workforce brings to the organisation. We recognise that this underpins our long term development and continuing sustainability. We want everyone who works for us to feel valued, supported and respected to achieve their personal potential irrespective of age, gender, marital status, race or ethnicity, nationality, disability, religion or religious or other beliefs, sexual orientation, social or educational background or family care responsibilities.
